DEPENDENT CARE

Simple access for everyday needs. Comprehensive care when your dependent needs more.

Sick visits only = included dependent benefit | Ongoing care or medication management = annual dependent membership

WHAT IS DEPENDENT CARE?

TrueCare DPC members may establish care for up to two dependents, ages 0–26. The level of care depends on whether the dependent needs occasional sick care only or ongoing medical management.

SICK-VISIT DEPENDENT CARE

Included with an active member's annual membership

- Up to 2 dependents, ages 0–26
- $35 per sick visit
- For generally healthy dependents who need occasional acute care
- Examples: colds, flu symptoms, sore throat, ear infections, minor rashes, urinary symptoms, pink eye and other short-term illnesses

ANNUAL DEPENDENT MEMBERSHIP

For dependents requiring ongoing or comprehensive care

- Chronic disease monitoring and management
- Ongoing prescription or medication management
- Routine follow-up for ongoing conditions
- Annual wellness and preventive care
- Personalized care planning and comprehensive bloodwork

WHO NEEDS THE ANNUAL DEPENDENT MEMBERSHIP?

A dependent should be enrolled in the annual dependent membership when their care requires ongoing monitoring, medication management, routine follow-up, or management of a chronic or complex condition. Examples may include diabetes, thyroid disorders, ADHD, anxiety or depression, asthma, high blood pressure, high cholesterol, hormonal conditions, or other conditions requiring ongoing management.

WHAT THE MEMBERSHIP INCLUDES

- — Comprehensive Annual Wellness Assessment
- — Comprehensive Bloodwork Panel
- — Personalized Preventive Care Planning
- — Preventive & Chronic Disease Management
- — Ongoing Medication Management
- — Routine Follow-Up for Chronic Conditions
- — Sick Visits — $35 flat rate per visit

HOW IT WORKS

When establishing care, TrueCare DPC will review the dependent's healthcare needs. Dependents who only need occasional acute sick care may use the sick-visit benefit. If ongoing medical management, chronic care, preventive care, or medication management is needed, the annual dependent membership provides the appropriate level of care.

Not sure which option is right for your family?

TrueCare DPC can help determine the appropriate level of care based on your dependent's individual healthcare needs.
